Georgia Call for Seminars and Demonstrations

Now offering both ½ hour and 1-hour presentations.

We're getting ready for a great show in GA and need to fill our seminar **AND** demonstration slots.

SEMINARS: As you know this is an opportunity to get in front of these people and leave an impression that says 'these people know their stuff', what it is not is a sales pitch...we are looking for informational, diverse, and well put together "neutral" presentations. We will provide an LCD projector; you provide the presentation and handouts if applicable.

We are looking for presentations that encourage thought and feedback, you need not be a professional speaker, but one who is knowledgeable in their chosen field. Ideas of some topics we are looking for include: designing your log/timber frame, financing, selecting a company, understanding the log/timber frame package, finish and maintenance, heating systems, foundations, construction, interior design, the process, etc. and any other ideas you may have.

DEMONSTRATIONS: We're looking for demos on all products like: log stacking, building an insulated log wall, timber frame joinery, making furniture, maintenance (application techniques) etc. Like the seminars, this is an opportunity to get in front of these people and leave an impression that says 'these people know their stuff', what it is not is a sales pitch...we are looking for informational, diverse, and well put together "neutral" demonstrations.

There is also the chance that you may be asked to do multiple presentations per day- there will be a box below to check if you are ok with that. Please fill out the information below and provide an outline of your presentation if possible. Thank you for participating in this very important part of the show:

Occupancy of Space Deadline

All exhibits must be completed and ready for inspection by show management and the fire marshal 2 hours prior to start of show. At this time, any display violations will be noted and reported to the exhibitor. Failure to correct any violations by the time the show opens to the public will result in a fine.

You must obtain insurance coverage for all your exhibit merchandise at site and in transit inclusive of business interruption insurance, if applicable. We will not be held responsible for any loss or damage, however incurred. You must carry your own fire insurance and public liability insurance of not less than one million dollars.

Neither SWP nor the Exhibit Facility, shall be liable to exhibitor, its agents, employees, contractors, patrons, guests, licensees or to any other person whomsoever for any injury or damage to person or property caused by or arising out of any act, omission or neglect of exhibitor, its agents, contractors, employees, patrons, guests, licensees, invitees or any person entering the Convention Center, under express or implied invitation by exhibitor, or for any damage to the person or property of third parties arising out or user of either the licensed booth space or the building area in which such booth is located; and exhibitor hereby agrees to indemnify and hold SWP and/or the Convention Center and their agents, servants and employees free and harmless from and against any loss, including reasonable counsel fees, arising out of any liability incurred in accordance with the foregoing. The exhibitor assumes the entire

responsibility and liability for losses, damages and claims deriving out of injury or damage to exhibitor's displays, equipment and other property brought upon the premises of the Convention Center and shall indemnify and hold harmless the Convention Center, SWP and their agents, servants and employees from any such losses, damages and claims inclusive of reasonable counsel fees. Exhibitor acknowledges that neither the Convention Center nor SWP maintains insurance covering such losses by the exhibitor.

Exhibitor will be liable for any damage caused to floors (including carpeting), walls or columns, or to standard booth equipment or to other exhibitors' property. No signs or other articles are to be fastened to walls or fixtures or electrical equipment. Use of thumbtacks, screws, bolts or any tool or material which may mark the floor or wall is prohibited. Exhibitors are also responsible to comply with all rules and regulations contained in the Exhibitor Service Manual.

Space Restrictions

Your exhibit must be confined to the exact space allocated. Circulars, brochures, publications, advertising matter and all kinds of promotional giveaways may be distributed only within your booth space. Nothing can be posted on, tacked, nailed, screwed in, taped or otherwise attached to columns, walls, ceilings, floors, electrical outlets or other parts of the building or furniture. Signs, rails, logs or roof over hangs, etc. will not be permitted to intrude into or over aisles or other booth space. You will be liable for any damage caused to floors (including carpeting), walls or columns, or standard booth equipment or to other exhibitor's property.

Character of Exhibits

Each exhibit shall be in keeping with the general nature of the show. SWP shall be entitled to limit or require change in any exhibit that interferes with other exhibitors or general movement, is either excessively noisy or carnival-like in presentation or does not conform to the regulations herein or to any agency having jurisdiction at the convention site. All exhibitor activities shall be conducted solely within licensed space, and use of all aisle space and other public areas of the show are reserved to SWP. Canvassing, solicitation of business or the use of advertising materials or signs by firms other than those who have contracted for space is prohibited. Distribution by the exhibitor of circulars, catalogs or other advertising materials for firms that are not exhibitors is prohibited. Failure to adhere to these rules will result in a fine.

If the reverse side of your exhibit's back wall, side wall, riser or display is exposed to view, that part of your display must be suitably draped so that no part of the display construction, electrical wiring, or the like, can be

seen from the aisles or adjoining booths belonging to other exhibitors.

Height limitations and other restrictions pertaining to the design of exhibits and use in the booth of pedestals, tables, racks, shelves, risers and similar display equipment are described in detail under "Types of Exhibits" and "Special Provisions."

If your display is built beyond the limitations and restriction as set forth in this contract, we reserve the right to correct such display violations by having you alter, remove or rearrange any or all of the display so that it will comply with regulations. If you are not available to make those corrections, then you agree as part of this contract to give us authority to make any and all necessary corrections at your expense.

Load Limitations

Any piece of exhibit material weighing in excess of 2,000 pounds shall be accompanied by a certified weight-master's ticket stating accurately the total weight of such individual piece and its container, if any. Failure to provide the weight-master's certificate when requested may result in the facility's refusal to permit the shipment on its premises, elevators or lifts.

Types of Exhibits & Exhibit Restrictions

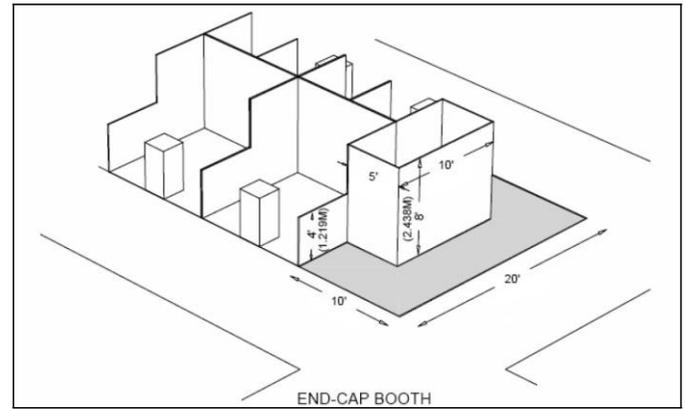

Booth Definition: The price per booth includes booth space that is 10' wide and 10' deep with an 8' high-draped background and 3' high-draped sidewalls. Pipe and drapery will be supplied automatically for in-line booths unless you request not to have it. Pipe and drapery will not be provided for island booths. 8' high sidewalls may not extend further than 5' from the back of the booth space. Note: If located on the show floor perimeter, an aisle booth may go to 10' height. Requests for exceptions to these requirements *must* be submitted to the Events Manager no less than 45 days prior to the expo.

Island Booth

An island booth is any size booth exposed to aisles on all four sides. The entire cubic content of the space may be used up to the maximum allowable height. Pipe and drapery will not be provided for island booths.

End-cap Booth

Booth dimensions are 10' deep by 20' wide. The maximum backwall height of 8' is allowed only in the rear half of the booth space and within 5' of the two side aisles (10' long backwall) with a 4' height restriction imposed on all materials in the space forward to the aisle. (See diagram)

Peninsula/Split Island Booth

Booth dimensions are generally 20' x 20' or larger. When a Peninsula Booth backs up to two Linear Booths, the backwall is restricted to 4' high within 5' of each aisle. The center (10' wide) of the backwall height is based on maximum allowable height.

When a Peninsula Booth shares a common backwall with another Peninsula Booth (**Split Island Booth**), the entire cubic content may be used, up to the maximum allowable height, without any backwall line of sight restrictions.

Special Provisions

Pedestals, tables, racks, shelves, risers and similar display equipment may not exceed 4 feet (48") in height when positioned more than 5' from the back wall of a single aisle booth.

Free standing units, including those intended to be the focal point in an exhibit, may not exceed 4 feet (48") in height when placed more than 5' from the back wall of the booth unless the same company occupies 8' of booth space on both sides of the unit or units. The maximum dimensions for such items under these conditions are 8'h x 32"w x 32"d.

Use of Exhibit Space

Where you plan to construct any part of your exhibit above the exhibit height limitation (25' island, 8' in-line), or any variance from these rules and regulations, you must obtain approval in writing from the Events Manager at least six weeks prior to the official opening of the exhibits. Submit a sketch of your proposed construction when requesting approval.

All signs including graphics, photographs and other advertising matter in connection with your booth space must be located within the boundaries of your assigned booth. No signs of any type are permitted outside of your assigned exhibit space (columns, walls, floors, ceilings) without approval in writing from show management. This restriction also applies to any device used to project a company name or logo on the ceilings

or walls of the Convention Center or otherwise beyond the permitted height or sides of the booth itself.

You must obtain written permission from Show Management if you plan continuous operation of any flashing light device, floodlight, laser light, LED or computerized digital sign which may impact on your neighboring exhibitors. Showing of projected pictures (motion pictures, slides, transparencies, opaque materials, etc.) will only be permitted within the confines of your booth.

You will be expected to keep the sound at reasonable volume, approximately that of a normal speaking voice, in order to avoid disturbing other exhibitors when operating sound reproduction equipment. We reserve the right to turn off the electric supply of any exhibitor who violates this rule.

You may distribute food or beverages from your booth, provided (a) you purchase the food or beverage only from the approved show caterer and (b) you provide trash receptacles and periodically clear trash in the vicinity of your booth generated as a result. No alcoholic beverages of any kind may be distributed from your booth. You are not permitted to cook food in your booth. We have the right to terminate distribution of food from your booth in the event your activity disturbs or infringes another exhibitor in any manner. Any surveys, questionnaires or promotion must take place within your assigned booth space.

No person shall carry or transport into the premises any beer or other alcoholic beverages except for delivery to the licensed retailer or same, located on the premises. All concessions, including but not limited to tobacco, food products, drinks, checkrooms, programs and novelties, are and shall remain the exclusive rights of the Convention Center. If any food or drinks are to be served by exhibitor, these items must be purchased from the official caterer.

Absolutely no alcoholic beverages may be consumed on the show floor or in your booth at any time, including move-in and move-out, unless it is purchased from the official caterer. If you are found to be in violation of this rule, you will be asked to leave the show and will not be permitted to tear-down your booth display until after the show has closed on Sunday at 4:00pm.

Copyrights, Royalties and Trademarks

You warrant that no music, literary or artistic work or other property protected by copyright will be performed, reproduced or used, nor will the name of any entity protected by trademark be reproduced or used during your use of the contracted space unless you have obtained written permission of the copyright or trademark holder (including payment of any and all

licensing and/or performance fees, i.e. BMI, ADCAP, AFTRA/SAG fees). You agree to comply strictly with all laws respecting copyrights, royalties and trademarks and warrant that you will not infringe any related statutory, common law, or other right of any person during your use of the premises. You agree you will indemnify and hold the Center, SWP and their officers, agents, and employees harmless from all claims, losses and damages (including court costs and attorneys' fees) with respect to such copyright, royalty or trademark rights.

Lighting

The Log & Timber Design Build Expo will usually be lit at work-light (half-light) levels during set-up and tear-down, and at full lighting levels during show hours. We urge exhibitors who require low light conditions to build their exhibits accordingly.

Decorations and displays shall not block or impede access to fire protection equipment (sprinklers, exit markings, exit doors or emergency lighting equipment).

During occupancy hours, aisles and exit doors shall be maintained free of all obstructions and unlocked for immediate use in the event of an emergency.

All electrical devices and installations shall be in accordance with the applicable provisions of the National Electrical Code. All devices must be listed by Underwriters Laboratories. Any electrical extension cords used shall be of the heavy-duty type. Lightweight cords of the lamp cord variety are prohibited and are subject to confiscation.
