Wintergreen VA Call for Seminars and Demonstrations

Now offering both ½ hour and 1-hour presentations.

We're getting ready for a great show in VA and need to fill our seminar **AND** demonstration slots.

SEMINARS: As you know this is an opportunity to get in front of these people and leave an impression that says 'these people know their stuff', what it is not is a sales pitch...we are looking for informational, diverse, and well put together "neutral" presentations. We will provide an LCD projector; you provide the presentation and handouts if applicable.

We are looking for presentations that encourage thought and feedback, you need not be a professional speaker, but one who is knowledgeable in their chosen field. Ideas of some topics we are looking for include: designing your log/timber frame, financing, selecting a company, understanding the log/timber frame package, finish and maintenance, heating systems, foundations, construction, interior design, the process, etc. and any other ideas you may have.

DEMONSTRATIONS: We're looking for demos on all products like: log stacking, building an insulated log wall, timber frame joinery, making furniture, maintenance (application techniques) etc. Like the seminars, this is an opportunity to get in front of these people and leave an impression that says 'these people know their stuff', what it is not is a sales pitch...we are looking for informational, diverse, and well put together "neutral" demonstrations.

There is also the chance that you may be asked to do multiple presentations per day- there will be a box below to check if you are ok with that. Please fill out the information below and provide an outline of your presentation if possible. Thank you for participating in this very important part of the show:
